

## Tech Alert

# Related Content Suggestions for Microsoft Teams Meetings

INTELLIGENT OFFICE

### What is new?

Related content suggestions are a new feature rolling out for Microsoft Teams mobile users.

Related content makes meetings more effective by providing users with important information directly from their mailboxes, OneDrive for Business and SharePoint sites.

This feature helps users prepare before their meetings by offering content suggestions if they haven't had a chance to read or may want to revisit before the meeting commences.

The suggested content will be available in the **Meeting Details** tab.

It is important to note that this feature is currently rolling out for Microsoft Teams mobile users.

### What is Microsoft Teams?

Microsoft Teams is the digital teamwork hub for modern businesses, facilitating collaboration with workspace chat, audio and video conferencing, shared file storage and application integration.

Teams is part of the Microsoft 365 family and is accessible via desktop, mobile and web devices.

**Products:** Microsoft Teams

**Cloud Instance:** Worldwide (Standard Multi-Tenant)

**Release Phase:** General Availability

**Status:** Rolling Out

**Release:** June 2021
